High Speed Steel Drills

HSS Reduced Shank

- High performance high speed steel
- Roll forged, black finish
- Straight shank conforming to BS 328 and DIN 338
- For use in fast rotating drilling machines or hand drilling machines
- Shank reduced to 1/2" (12.7mm)
- Supplied individually in hanging wallets

Applications
Designed for drilling metal but also gives good results in materials such as wood, chipboard, hardboard, plastics and plasterboard.

Tile Drills

Tile & Glass

- Fluteless straight shank drill bit that incorporates a purpose designed spear-point carbide tip
- Tip geometry enables quick and easy start up with a reduction of wandering
- When drilling it is important that a very slow drilling speed is used
- Supplied individually in hanging wallets

Applications
Ideal for ceramics, glass, tiles, mirrors, windows etc.

Recommendations
The drill bit should be used on the rotary setting and must not be used on the hammer setting.

Range Information
