Levelling Tools

Air Wedge

A strong inflatable air bag that saves time during the fixing and levelling of internal doors, door frames, double glazed windows and external door frames.

Simply place frame into position, slide the deflated wedge into gap and inflate gently, trapping the frame in position allowing fixings to be installed.

Multiple additional uses including lifting and levelling of heavy furniture, washing machines, fridge freezers, kitchen units, water tanks, etc. prior to permanent fixings or levels being installed. Essential problem solving piece of kit for those working alone.

Glazing Shovel

Glazing shovels are mainly used during the professional installation of glazing units to toe and heel in order to prevent dropping and dragging.

The shovel is manufactured from High Impact ABS (Acrylonitrile Butadiene Styrene) for outstanding impact resistance.

They are also used to correctly locate glazing and wedge packers.
