THE COLLECTIONS
CONCEPT

Choose a WC suite to complement your basin shape and bathroom style. With two modern bowl shapes and cistern shapes there is plenty of choice. The Arc cistern is a perfect semi-circle, the Cube a neat square cistern. Both are dual flush and compatible with the cutting-edge clean lines of the Concept WC suite or the classic contemporary bowl of the Studio WC suite. There are close coupled, back-to-wall and wall hung models, all with the option of a slow close seat for added luxury.

For new Concept Space short projection WC suites and bidets see page 52.

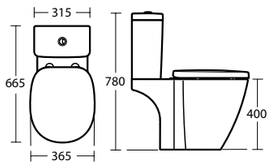

WATER-SAVING WC

On average, a dual flush ensures 25% water savings if the short flush is used four out of five times a day per person.
